

**START A NEW LISTING FROM  
TAX RECORD**

**1) Start New listing from Tax Record (auto population function\*):**

Select this if the listing being added is in one of the jurisdictions listed below.

Highlight the correct "Tax County" (includes cities) for the listing being added and use the fields to the right of the "Tax County" list to locate the tax record, then select "Search" at the bottom of the screen. When the record(s) is displayed, click the "Fill" hyperlink to the left of the record.

**2) Start new listing:**

Select this if the property being added is NOT in one of the tax counties/cities listed OR if the tax record could not be found by using steps in Item #1 above.

**3) Copy from existing listing:**

Select this to have the system auto-copy certain data fields from an existing on or off market listing. NOTE: The copied listing MUST be your own listing.

\*The Autopopulation function should be used if the listing being added is in one of the jurisdictions in the tax database. Must exactly match Parcel ID (PID) in the tax record.
